Dress Rules

It is common sense that as participants in Master Builders Golf Days our presentation and conduct should reflect well on our organisation.

Consistent with the standards of all clubs, smart attire is always required. Members are required to wear collared shirts with tailored pants or shorts. Predominantly white socks must be worn with shorts. **Jeans, track suits, shorts or pants with cargo style pockets, singlets, tank tops etc. are not permitted.**

Members are responsible for the conduct and dress of their guests.

Good Golfing
